On September 11, the people of the United States witness the most horrific terrorist attack in history as hijacked planes bring down the World Trade Center, crash into the Pentagon and crash in a field in Pennsylvania. Thousands of lives are lost in the tragedy, but a new era of patriotism emerges from the ashes.

Principal's Message

Yearbooks are a special thing. Students are very excited when they receive the book. They can't wait to see the individual and candid photos of themselves and their friends. They will move among their peers writing messages and autographing each other's yearbooks. However, before long the books will find a place in storage. Ten years, twenty years, thirty years later this book may be taken out of storage and students will look back on the 2001-2002 school year. What memories will the book rekindle?

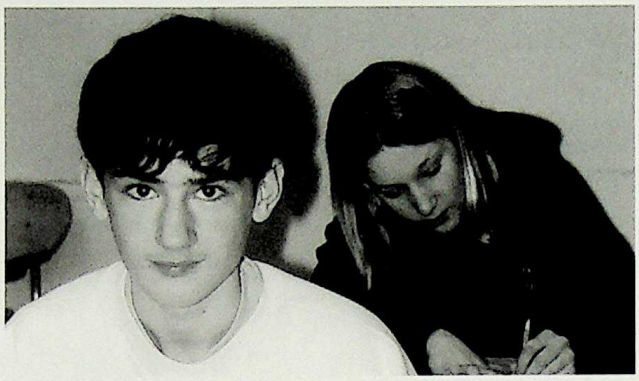
Of course this year will always be remembered for the tragic events of September 11, 2001. Students and staff will recall details of that day for many years to come. It will be, to this generation, what November 22, 1963 is to those of us in our 40's and 50's. September 11, 2001 represents the day our world changed.

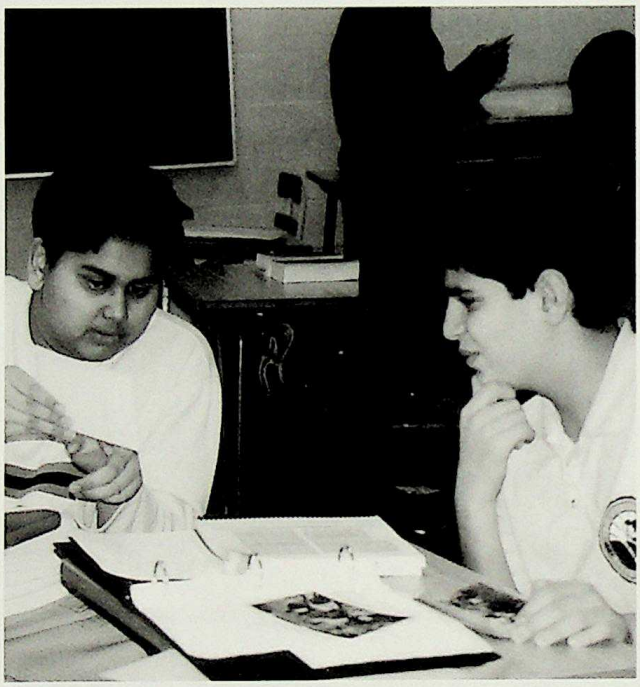
Many of the other memories reflected in this yearbook also signal change. Any one-year in a junior high students' life is marked by tremendous growth and change. It is my hope that when students look upon this yearbook, in the near and distant future, that the memories are positive. I hope you have participated in clubs, teams and special events throughout the year. While learning the curriculum is our main goal, activities outside the classroom enrich the school experience for both students and staff. This yearbook is full of images that show the fun and camaraderie that develop during these events.

For those students moving on to high school next year, this book has special significance. It is a record of your final year in junior high. Find a special place for it. Look back regularly to remember what Edith Rogers has given you. I hope you build upon the foundation and find success in high school and beyond.

Kevin Stevenson
Principal

Yearbook Message



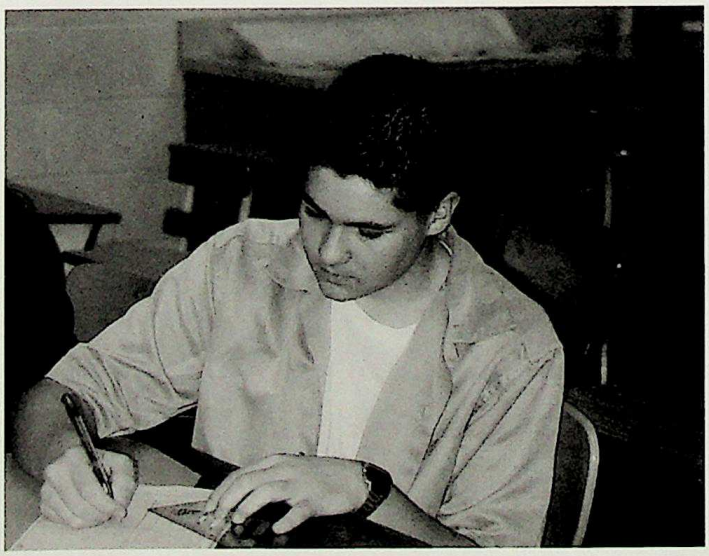


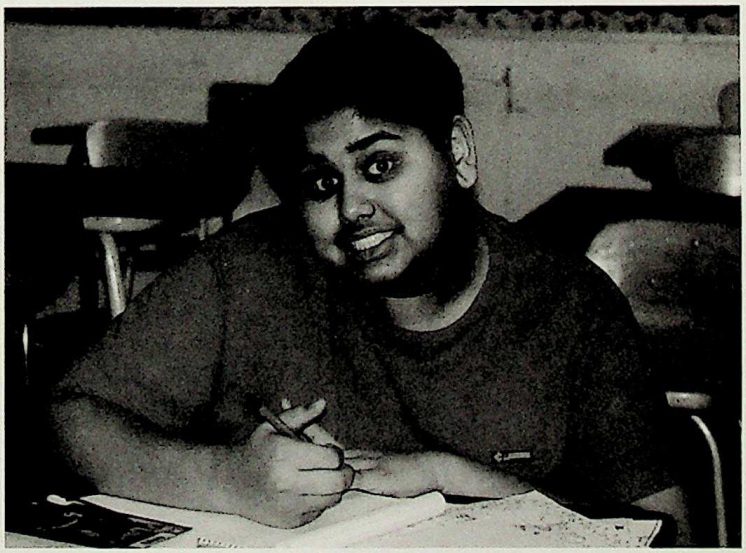
The year 2001/2002 was a great year. We had a really wonderful time making the yearbook. There were many problems that we faced, but we still pulled through.

The grade 7's were getting acquainted with one another and were starting to get adjusted to Edith Rogers. The grade 8's were back and antagonizing the teachers and meeting up with old friends. The grade 9's were getting ready for high school and learning how to deal with stress.

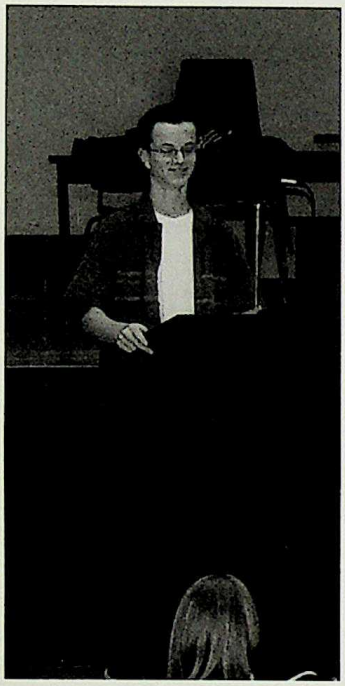
Without Ms. Anderson, our personal slave driver, and without us, the poor slaves, we never would have gotten this yearbook done. We know she loves and appreciates us. Thanks to Mrs. Kessel, Ms. Anderson, and Mr. Stevenson for taking all the great pictures for the yearbook. Even a bigger thanks to the yearbook crew for making this all possible.

We would like to wish good luck to everybody. We hope your future is as bright as a sea of colours; hopefully, we'll all make it out alive.





President's Message



This has been a very exciting year for all of us, filled with numerous thrilling activities. During Welcome Week, the activities included a classroom spirit competition, with tug-o-war, beach ball soccer, and a three-legged race. We ended the week off with a color day and a Welcome Week dance, which was enjoyed by all. Soon after, we held the student union's election and Halloween activities. Later on in the year the teacher's strike gave us some time off but we missed the Valentines Day dance. Although we enjoyed the time off, it was difficult to catch up on missed work. I will miss Edith Rogers and have many great memories here. Good luck to everyone coming next year and to those moving on.

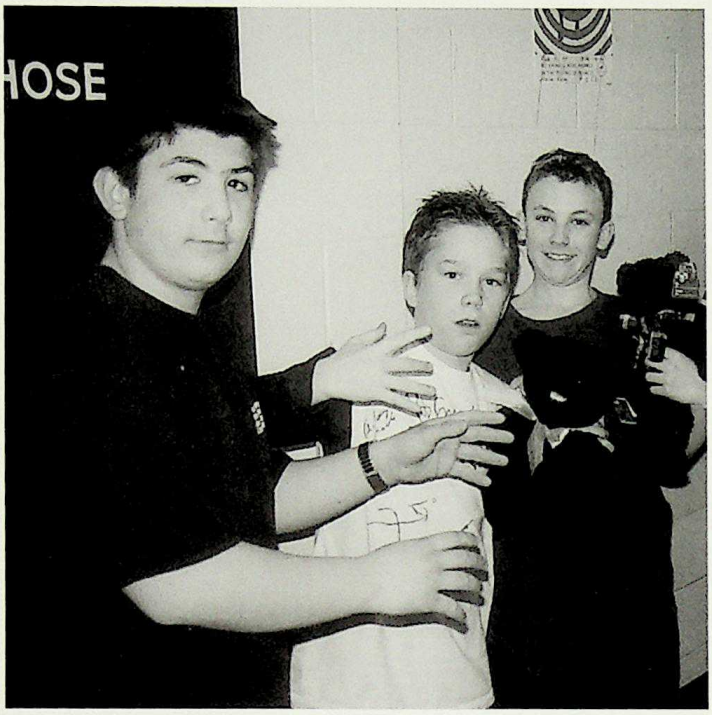
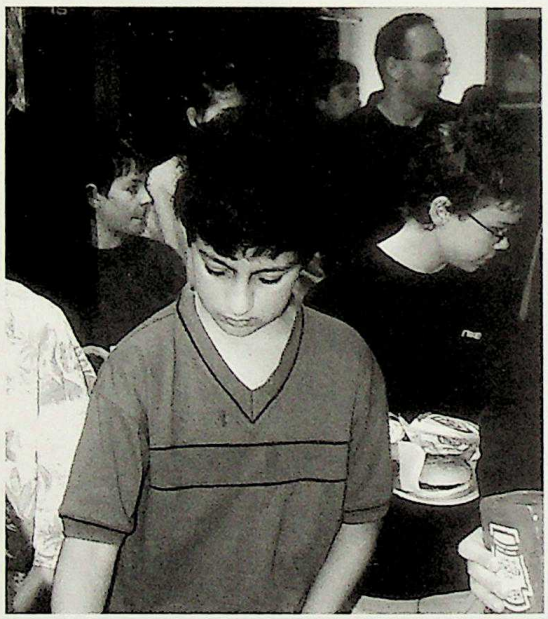
BEAR FUNDRAISER





Edith Rogers students and staff participated in a Teddy Bear collection for the Edmonton Police Victims Services. An amazing total of 194 bears were collected! The bears are used to comfort children, adults, or seniors that have been victims of crime. Receiving the bear is a positive event that happens to the victim in relation to their tragedy and so helps in the healing process. Students raised money by collecting spare change, hotdog sales, bake sales, candy sales, gingerbread raffle, "guess the number of jellybeans" contest etc. Every homeroom helped make this project a success.

Congratulations to the Senior Girls Basketball Team. This season was a success. The girls were undefeated in regular season play. In the McNally Invitational, they beat out rank teams to finish second place. They overcame the huge obstacle of having only four players play organized ball before the season. Good job girls and good luck in the future!

The 2001-2002 Edith Rogers Sr. Men's Basketball Team had a tremendous year!! The team decided to take on the challenge of Tier 1 basketball and excelled against high level competition. This year's team boasted talented Grade 7's, 8's and 9's. The team was well led by two outstanding players: Imran Haque and Thomas Vuong. These two were a major asset to our team. Max Latte was very important in the defensive line and 3-point bomber Mike Glazier excelled in our fast break, up-tempo style causing the other team fits in transition. Our forwards this year, Brian, Willie, David, and Chris, combined athleticism with effort and were very successful against much bigger opponents. Coach McLester is looking for big futures out of our returning players, Justin Wilson, James Jackson, and Landon Orr.

Valedictorian's Address

Mr. Stevenson, Mr. Durand, Teachers, Honored Guests, and Fellow Students,

We are about to turn the final page on our lives here at Edith Rogers. It seems as though it was just yesterday that we aimlessly roamed the hallways, looking for our next class. Short, speechless, and frightened, we began a new adventure. And as we proceeded into grade 8, our maturity hopefully increased. Now as we stand here tonight, we are looked upon as young adults. There are greater challenges and responsibilities than ever before and we are growing intellectually and emotionally every day. This growth is the essence of our future.

Within the three years that most of us have spent at Edith Rogers, we have begun shaping whom we will become as individuals in society. The teaching staff and administration have helped us immensely to reach our potential. Their dedication and knowledge encouraged us to do our best and set goals for the times to come. Following the long strike, we returned back to a group of teachers to whom we owe a great deal. Their love for teaching shone through brightly during this time, as they were confronted with the obstacle of completing the given curriculum in time for the final exams. And, as expected, they have done so. On behalf of my fellow students, I thank them. Their leadership is always appreciated so much.

To our parents who gave their encouragement, love, and motivation to try and try again: there aren't words to express our gratitude. Their patience and guidance enabled us to achieve the success we have gained today. Their gracious support has helped us in becoming the caring individuals we are. And, time and time again, they have put up with our nonsense and given us the security that someone will always be there for a simple word of comfort. For this, we thank them.

Finally, but by no means least, I wish to show my ultimate appreciation to those who have made the last 3 years unforgettable, our friends. Whether we like to admit it or not, they've been a huge part of our lives and have influenced us in more ways than you can imagine. The companions we've made have lifted our spirits when we were feeling down, showed us love when we were lonely, and gave us faith as we passed through times of emptiness and difficulty. They've laughed with us and cried with us; because of them, we are able to flourish. They've made our days sunny, and we are enriched and completed by their company. Whether these friendships stay strong, or fade away as we go our separate ways, we shall always cherish the memories of the good times and the bad . . . together.

We are uncertain as to what the future holds, but whatever we choose, wherever we find ourselves, we shall always owe a debt of thanks to Edith Rogers staff, our loving parents, and of course our friends. Ahead of us lie bold, new challenges and the unknown. And as we strive to be the best, we *will* encounter challenges, but we will always look back on our years at Edith Rogers with affection.

Remember . . .

- Believe in yourself and you will succeed.
- Continue to cherish the little things in life, for they may become the most important.

Thank you . . . And I wish you all good luck in the future.
